

# WE'RE HIRING!

## RESIDENT PROJECT REPRESENTATIVE / CONSTRUCTION INSPECTOR

**COMMONWEALTH  
ENGINEERS, INC.**

Locations in Southern Indiana and  
across the state

### The Job

Commonwealth Engineers has an immediate opening for an experienced civil engineering construction inspector. Duties include conducting on-site observations to monitor conformance with the contract documents; serving as the engineer's liaison with the contractor; maintaining adequate records, including a daily log book and a set of drawings on which authorized changes are noted; reviewing the contractor's application for payment; and other duties as assigned.

### Get On Board

Opportunities are all around us, but they never are fully realized until explored. You could be a part of an environmental engineering firm where you will have the chance to make a direct impact on local communities, regional populations, and the environment. We are an innovative and progressive environmental engineering consulting firm working to protect the environment's most valuable resource, water. You can find our work in communities and counties throughout the State of Indiana. By joining Commonwealth, you would be a key player in the water resource engineering services that we provide! We are growing and would like to gain a teammate that is excited to make a positive impact on their community and enhance their engineering skill set with the assistance of a talented and innovative team.

Ranked as one of the Top Places to Work in 2019 by Indystar, Commonwealth Engineers, Inc. has a strong emphasis on work/life balance, giving back to the community, and making our world a better place. We provide a typical 8-5 work week or a modified Monday through Thursday with 7-11 on Fridays for those who want a more flexible schedule, as well as many employee outing events such as Colts games, 5K's, Christmas Parties, and much more! We believe in giving back to our community by participating in Meals on Wheels, Engineers Without Borders, and donating our time and money to many worthwhile organizations.

### Benefits

- Matching 401(k) and profit-sharing
- Medical, dental, and vision insurance
- Supplemental Insurance
- Long term and short term disability
- Professional development
- Options of alternate work hours
- Paid time off and holidays
- AD&D coverage
- Competitive base salary, an annual performance bonus *and additional incentive pay for each hour you work in excess of the regularly scheduled 40 hours.*

### Desired Qualifications

- At least 5 years experience in the construction industry with projects involving pipe installation,
- treatment facilities, poured in place concrete, earthwork, or other heavy civil construction disciplines.
- Ability to read construction Plans and Specifications.
- Municipal project experience is a plus.
