

**COMMONWEALTH  
ENGINEERS, INC.**

# WE'RE HIRING!

**SUMMER INTERN/CO-OP STUDENT**  
*Located in Indianapolis, Evansville, Fort  
Wayne, and Crown Point, Indiana*

## Get on Board

If you're looking for a summer engineering intern or co-op opportunity with paths for growth, we would like to talk with you about joining Commonwealth! We are always on the lookout for exceptional engineering students seeking to gain valuable experience as an engineering intern or co-op students during the summer or academic year.

Engineering interns and co-op students typically support one or more experienced engineering teams with the goal of gaining an understanding of the type of work needed to support large and small engineering infrastructure projects at an engineering consulting firm. Experiences typically involve a combination of field and in office assignments.

This is an excellent opportunity for a pending graduate who is interested in pursuing a professional engineering career in the areas of potable water, wastewater, stormwater, dams, levees, site civil work, and sustainable infrastructure.

By joining Commonwealth, you will be a key player in the water resource engineering services we provide!

## Benefits

- Competitive salary
- Flexible scheduling
- Professional development opportunities
- Employee outings
