# NOW HIRING!

## ENTRY-LEVEL CIVIL OR ENVIRONMENTAL ENGINEER

### GET ON BOARD: ALL OFFICE LOCATIONS

#### JOB DESCRIPTION

#### Opportunities in Indianapolis, Crown Point, Fort Wayne, and Evansville, IN as well as Bowling Green, KY

Commonwealth Engineers is seeking multiple entry-level engineers for all offices. This is an excellent opportunity for a pending or recent graduate who is interested in pursuing a professional engineering career in the areas of potable water, wastewater, stormwater, dams, levees, site civil work, and sustainable infrastructure.

You will be assigned to a project team tasked with helping communities and industries solve their most challenging environmental infrastructure problems. Our team-based culture effectively fosters learning and growth, especially with entry-level engineers.

#### RESPONSIBILITIES

- Perform assignments requiring application of standard techniques, procedures, and criteria to carry out engineering tasks.
- Work under the supervision of a project manager or senior-level team member.
- Perform sub-professional engineering tasks such as field work, inspections, engineering reports, permits, construction engineering, and simple design calculations.
- Coordinate with contractors.
- Review construction drawings and specifications.
- Contact government officials for permits.

#### QUALIFICATIONS/SKILLS

- B.S. in Civil or Environmental Engineering (graduate degree is a plus)
- Fundamentals of Engineering (FE) exam certification is a plus
- Basic engineering principles & willingness to learn new skills
- Excellent verbal and written communication
- Valid driver's license
- Ability to apply technical skills to meet project demands and solve problems for our clients
- Positive attitude and an impressive work ethic
- Clear sense of urgency and self-initiative to meet deadlines
- Attention to detail and ability to contribute to a positive work environment
- Passion and demonstrated drive to achieve goals

### BENEFITS

Ranked as one of the Top Workplaces by IndyStar, Commonwealth Engineers strongly emphasizes making a positive impact on our communities.

By joining Commonwealth, you will be a key player in the water resource engineering services we provide!
