NOW HIRING: ELECTRICAL ENGINEERING DEPARTMENT MANAGER

Job Description:

Commonwealth Engineers, Inc. is seeking an experienced Professional Electrical Engineer who will serve as the Manager for the Electrical Engineering Department companywide. The qualified candidate will work out of Commonwealth's corporate headquarters in Indianapolis, IN.

Responsibilities:

As the Electrical Engineering Department Manager, you will lead and be responsible for the Electrical/Control Team. You will be involved with all phases of electrical engineering of water, wastewater, and stormwater infrastructure and be responsible for coordinating with Commonwealth Project Managers (PMs) regarding project schedules, deadlines, site visits, project scopes, etc.

As the face of the electrical/control department, you will have the opportunity to work on large municipal water/wastewater treatment facilities and will visit with clients to discuss their needs before their projects kick off. This includes power distribution, motor control, grounding and lightning protection, exterior and interior lighting, standby power generation systems, MCC design, specification writing, and construction cost estimating.

You and your project team will be tasked with helping communities and industries solve their most challenging environmental infrastructure problems.

Qualifications/Skills:

- B.S. in Electrical Engineering (graduate degree is a plus)
- Strong work ethic and organizational skills
- Registered as a Professional Engineer {P.E.} in Indiana and/or Kentucky with the ability to obtain reciprocity
- Sound knowledge of electrical engineering fundamentals with the ability to apply them to real-world applications
- Ability to work independently and in a team environment
- Ability to serve as a mentor to junior team members
- Ability to speak and write professionally
- Control System coursework or experience is a plus

Compensation

Compensation is commensurate with expertise/ability/years with P.E. license, plus annual performance bonus and additional incentive pay for each hour worked excess of the 40-hour schedule. Expected salary range between \$150,000 to \$200,000.

Benefits:

For the past 50 years, Commonwealth has earned our reputation as a leader in the water resource industry. Join our award-winning engineering and consulting firm and receive these benefits:

- Competitive base salary
- Medical, dental, and vision insurance
- Long-term and short-term disability insurance including maternity leave
- Supplemental insurance
- AD&D coverage
- Matching 401(k) & profit sharing
- Annual performance bonus
- Additional incentive pay for each hour worked in excess of the 40-hour schedule
- Paid time off and holidays
- Flexible scheduling
- Professional development opportunities
- Employee outings
