ENGINEERS, INC.**

NOW HIRING!

INDUSTRIAL PROJECT ARCHITECT

GET ON BOARD: INDIANAPOLIS, INDIANA

This opportunity is available out of our Indianapolis office, although regional offices may be considered for highly-qualified candidates.

JOB DESCRIPTION

Commonwealth Engineers, Inc. has an opening for a full-time industrial project architect for planning, design, and construction of water resources facilities. The position will involve coordination with our corporate Mechanical, Electrical & Plumbing (MEP) team and CAD/Revit BIM Design team. This is an excellent opportunity for a multi-talented and creative project architect interested in furthering their career in the relatively recession proof utility engineering industry.

RESPONSIBILITIES

In the context of water resources including dams, levees, potable water, wastewater, and stormwater facilities:

- Develop feasibility evaluations and planning-level design reports
- Perform general building design
- Participate in client project team meetings
- Coordinate with the Mechanical, Electrical & Plumbing (MEP) team and CAD/Revit BIM Design team to develop design goals, schedules, and budgets
- Coordinate with subconsultant architects in the areas of residential, commercial, institutional, and landscape architecture
- Collaborate with clients, engineers, and contractors to ensure project success
- Develop contract documents, technical documentation, detailed specifications, and architectural permits
- Oversee construction administration
- Ensure compliance with building codes, regulations, and safety standards
- Perform project site inspections

DESIRED QUALIFICATIONS/SKILLS

- Bachelor's Degree in Architecture from an accredited university
- Registered Architect (or working towards RA with a minimum of 2+ years experience with an architecture/design firm)
- Knowledge of Design Build, Civil, and Structural Engineering
- Proficient in AutoCAD, Revit, and other design software
- Understanding of building codes, regulations, and safety standards
- Ability to manage multiple projects simultaneously
- Dependable and professional team player
- Proficient in Microsoft Office Suite (Outlook, Publisher, Word, Excel, PowerPoint)
- Strong written and verbal communication skills
- Desire to acquire a general understanding of the water resource industry

BENEFITS

Commonwealth Engineers strongly emphasizes making a positive impact on the communities in which we live and work. By joining our team, you will be a key player in every aspect of the engineering and consulting services we provide!

- **Competitive base salary**
- **Medical, dental, and vision insurance**
- **Long-term and short-term disability insurance, including fully-paid maternity leave**
- **Supplemental insurance**
- **AD&D coverage**
- **Matching 401(k) & profit sharing**
- **Annual performance bonus**
- **Additional incentive pay for each hour worked excess of the 40-hour schedule**
- **Paid time off and holidays**
- **Flexible scheduling/ work from home opportunities**
- **Professional development opportunities**
- **Employee outings**

HOW TO APPLY
